About COMPANY

GLOBAL STAR is an 'Electrical Solution Provider, which specializes in the supply of Electrical products and solutions as well as provision of a wide variety of electrical services. In addition to this, our business includes provision of extensive design support to different contractors and consultants of various residential, commercial and industrial sectors.

Global Star is not just a conventional electrical material supplier. We are a complete solution provider. With our dedicated and qualified engineering team we provide complete technical support for all projects.

Global Star is one of the biggest suppliers of SAUDI ARAMCO and various other corporate giants in the Kingdom of Saudi Arabia. Driven by a professional management team, that combines qualifications, skills and rich experience in their respective fields, Global Star is one of the biggest entities in Saudi Arabia's Electrical sector.

What WE DO

At Global Star, we are committed to provide the state of the art technology, offering the latest products and quality services; so that we effectively meet the complex and expanding needs of our customers from small construction to sophisticated industrial projects.

At Global Star, we work together with project contractors and consultants and ensure that the project is delivered on time and in compliance with the specifications.

Our project engineering team has been acting as an extension to the engineering team of many successful clients.

Global Star markets and promotes products and services with a team of dedicated Sales Engineers/Logistic support/Design & Commissioning Engineers for the various sub-streams to ensure that our customers are SERVICE GUARANTEED.

Our MISSION

Mission

- To be the preferred regional solution provider by maintaining a strong relationship with our customers.
- To improve the quality of lives of our employees by providing them with quality on the job training as well as ensuring that they grow in their careers.

Vision

- To deliver innovative solutions to satisfy the demands of our customers with the highest quality of products and solutions whilst remaining in line with the Vision 2030.

Values

- Honesty and Transparency is of utmost importance to us.
- We ensure there is both quality and passion within our services.
- We treat our team members, customers, partners, and suppliers with mutual respect and value their contribution.
- We seek constant positive growth in both our services and products and try to maintain a constant presence in the market

LV Switchgear, Automation & Building Management Systems Division

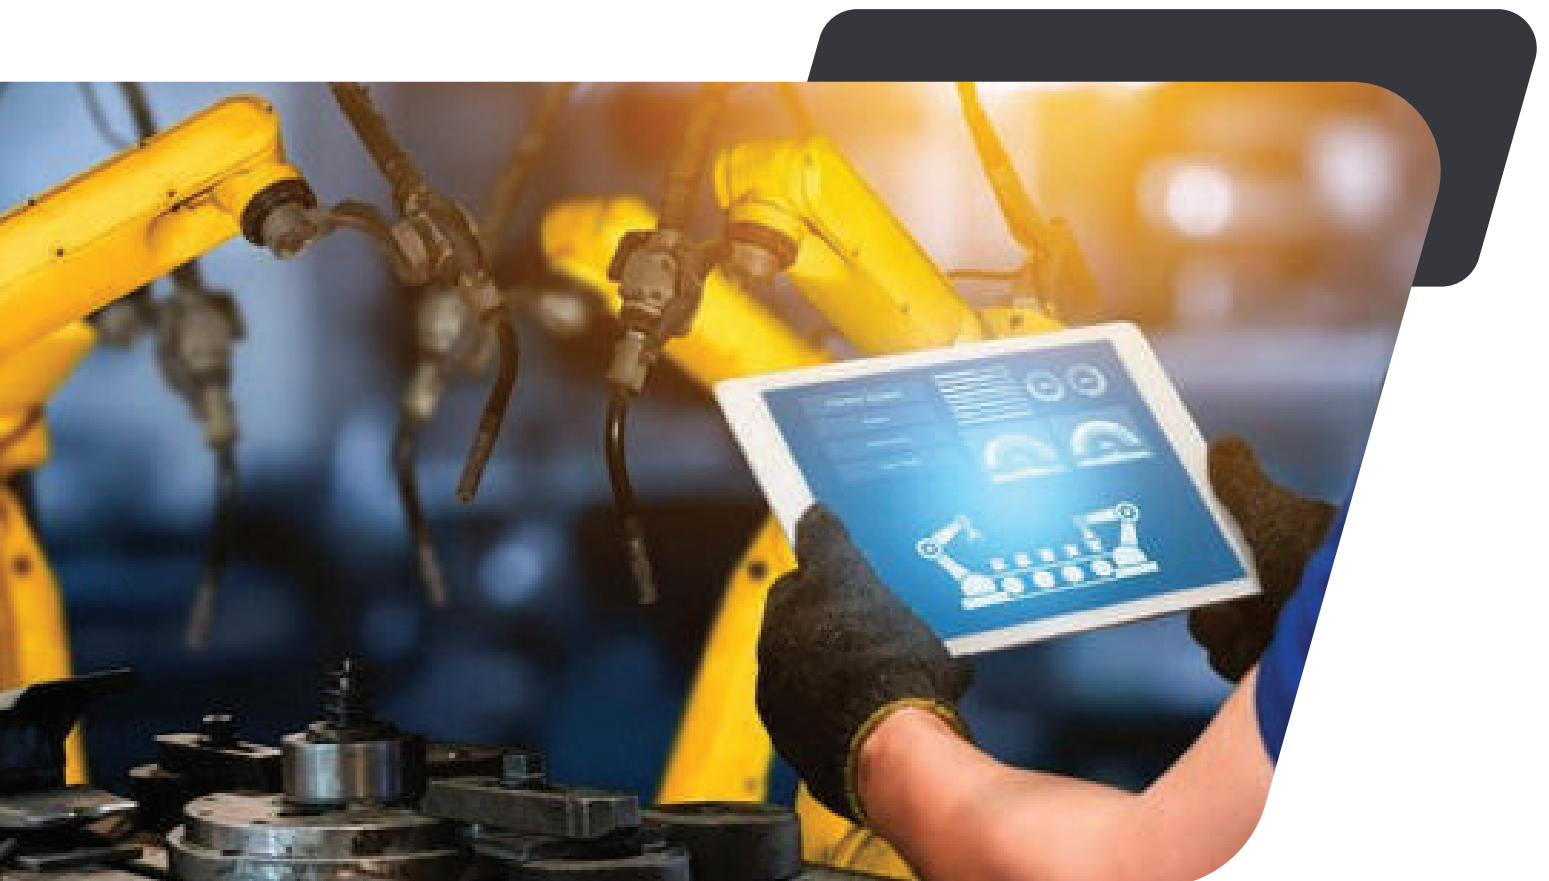

Automation, Control, and BUILDING MANAGEMENT SYSTEMS

Our scope includes design, engineering, programming, and project management for all aspects of your automation needs including:

- › Supervisory Control and Data Acquisition (SCADA) systems.
- › Power plant and substation control and monitoring system.
- › Plant instrumentation, Process Control and Communication system.
- › Powers system Monitoring, Control and Load Management.
- › Alarm Annunciation and MIMIC system.
- › Plant Integration and embedded plant shut down response system
- › Power factor monitoring and correction system.
- › Automatic Transfer and synchronization system for power sources.
- › Automatic Capacitors Control system (ACCS).
- › Automation Instrumentation Products.
- › PLC Control Panels with HMI or Touch Screen.
- › Remote Terminal Units (RTU).
- › Relay Logic based control panels (conventional type).
- › Generator or other backup power synchronization panels.
- › Lighting Control Systems KNX, Dali etc.

Target Industries

- › HVAC System for complete plant
- › Water treatment/Reverse Osmosis Plants
- › Desalination Plant
- › Sewage & Waste water treatment plant
- › Irrigation pumping station
- › Water transmission pipeline monitoring
- › Cement Plant

Low Voltage SWITCHGEAR

- > Low voltage switch boards/panels.
- > Motor control centers.
- > Bus bar enclosures.
- > Enclosed circuit breakers.
- > Automatic/Manual transfer switches.
- > Feeder pillars.
- > Automatic power factor control panels.
- > Package and Unit Substations

GS Services Division

Our SERVICES

Our scope includes:

- › Power transformer testing.
- › Protection relays setting and testing.
- › Protection relay coordination and selectivity studies.
- › Short circuit and load flow studies.
- › Routine, periodic, preventive and corrective maintenance of Low voltage and Medium voltages switchgear and Ring Main Units including protection relays.
- › Cable testing services.
- › Maintenance and testing services for SCADA, CCMS, BMS and other automation systems.
- › Trouble shooting services for Automation and Control systems from all reputed vendors.

GS Trading Division

- › Diverse range of Electrical Products
- › Well known Brands
- › Qualified team
- › One stop solution for Residential, Commercial, and Industrial Projects

Our PRODUCTS

TRANSFORMERS

- > LV/LV Isolation Transformers
- > LV/LV Auto-Transformers

ENCLOSURES

- > Wall Mounted Enclosures
- > Free Standing Enclosures
- > Outdoor Type Enclosures
- > All types of Galvanized Steel, Stainless Steel and Explosion Proof Enclosures

MOTOR STARTER /VARIOUS CONTROL PANELS

- > DOL Starter Panels
- > Star Delta Starter Panels
- > Soft Starter Panels
- > VFD Starter Panels
- > Duty/Standby and other conventional relay logic control panels
- > Terminal block panels
- > Junction Boxes
- > MCB, MCCB & ACB Enclosures
- > Bus-bar chambers

TRANSFER SWITCHES

- > Automatic Transfer Switches (UL & IEC)
- > Manual Transfer Switches

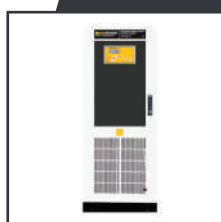

METERING DEVICES

- > Digital Meters
- > Analogue Meters
- > Energy Meters & kWh Meters

STANDBY & EMERGENCY POWER SYSTEMS

- > Low Voltage Standby Generators
- > UPS
- > Battery Chargers
- > Batteries DC Power Supplies

LIGHTING PRODUCTS

- > Internal Lighting
- > External Lighting
- > Emergency & Exit Lighting
- > Explosion Proof Lighting

Our PRODUCTS

LIGHTING CONTROLS

- > KNX, Dali
- > Occupancy Sensors (Presence/Absence Detectors)
- > Motion Sensors

CABLES

- > Low Voltage Cables & Wires
- > Medium Voltage Cables
- > Low Smoke Zero Halogen Cables
- > Fire Resistant Cables
- > Control Cables

WIRING DEVICES

- > Indoor & Outdoor Sockets, Plugs & Switches
- > Industrial Sockets & Plugs (IEC 60309)
- > Heavy Duty & Marine Grade Sockets & Plugs
- > Explosion Proof/Hazardous Duty Sockets/Plugs

ISOLATOR SWITCHES

- > Disconnect & Safety Switches
- > Explosion Proof Disconnect Switches

POWER QUALITY PRODUCTS

- > Active Harmonic Filters
- > Broad Band Filters
- > Automatic Power Factor Correction Panels
- > LV Capacitors
- > Voltage Sag Fighters

EARTHING & LIGHTNING PROTECTION MATERIALS

- > Earthing Materials
- > Static Earthing Materials
- > Lightning Protection Materials

Our PRODUCTS

BUSWAY SYSTEM

- > Bus-Bar Trunking System

TOOLS & EQUIPMENT

- > Testing equipment and tools
- > Measurement equipment
- > Construction tools and machinery

CABLE TRUNKING

- > Cable Trays, Fittings & Accessories
- > Cable Trunking, Fittings & Accessories
- > Cable Ladders
- > PVC Trunking
- > Underfloor Trunking

CONDUITS & ACCESSORIES

- > RSC Conduits, Fittings, & Accessories
- > EMT Conduits, Fittings, & Accessories
- > Flexible Conduits, Fittings, & Accessories
- > PVC Conduits & Fittings
- > Explosion Proof Fittings

CABLE ACCESSORIES

- > Low/Medium Voltage Heat Shrinkable Termination & Jointing Kits
- > Heat Shrinkable Tubing
- > Wraparound Cable Repair Sleeve
- > Cable Glands
- > Cable Ties
- > Cable Lugs
- > Crimp Connectors & Crimping Tools
- > Markers & Cable Management

AVIATION INDUSTRY SPECIALIST POWER EQUIPMENT

- > 400Hz Static Frequency Converters
- > 400Hz Aircraft Grounding Cables & Connector
- > 50Hz Static Frequency Converters
- > 28VDC Power Supplies
- > Aircraft Power Plinth Panels For Different Kinds Of Aircraft Jets

GS | Steel Fabrication Division

Steel FABRICATION

Global Star can provide fabrication of Structural Steel Building Components like:

- › Platforms
- › Handrails
- › Ladders / Staircases
- › Canopies and Sheds etc
- › Gratings
